Fall Protection

AGC NM

1615 University Blvd NE

ALBUQUERQUE, Ne 87102-1717

08:00 AM - 12:00 PM MST

Jennifer Greenwood, 5058421462

jgreenwood@agc-nm.org

Training program covers the use, selection and installation of conventional and non-conventional fall protection equipment. This course also addresses relevant fall protection regulations and fall hazard identification. These components, combined with the hands-on set-up of fall protection systems, instill a working knowledge of all the essential elements of a fall protection program. The course curriculum includes both classroom sessions and practical hands-on exercises.

This course meets the Criteria for Accepted Practices in Safety, Health, and Environmental Training (ANSI/ASSE Z490.1), the highest industry standard for training. It also meets the requirements of ANSI/ASSE Z359.2, Minimum Requirements for a Comprehensive Managed Fall Protection Program, found in the ANSI/ASSE Z359 Fall Protection Code.

JTA FUNDING AVAILABE

Job Training Albuquerque (JTA) is a workforce development program that provides opportunities for the local workforce to gain necessary skills in order to fill gaps and meet the workforce needs of existing and potential employers.

JTA provides an opportunity for Albuquerque employers to skill up their workforce and provides an opportunity for employees to gain high-demand skills and industry specific credentials. JTA is a partnership between the City of Albuquerque and Central New Mexico Community College (CNM). Program funding is provided by the City of Albuquerque Economic Development Department and is administered by CNM Ingenuity.

Contact Jennifer at JGREENWOOD@AGC-NM.org for more information on JTA Funding
