CEQA Essentials Workshop

08:30 AM - 04:30 PM PST

AEP is pleased to offer the 2024 CEQA Essentials Workshop to be held in-person across the state this fall! This workshop provides a basic understanding of the fundamentals of the California Environmental Quality Act and the State Guidelines, and includes intermediate-level practice pointers and case studies. It features a curriculum developed specifically for those involved in the environmental review process, including consultants, regulators, applicants, or industry professionals, and will benefit those new to the field as well as mid-level practicing professionals.

The San Diego CEQA Essentials Workshop will be held Thursday November 7th!
